FIRE LANES

This standard has been developed pursuant to Chapter 5, California Fire Code as adopted by ordinance by the Southern Marin Fire District. It is intended that this standard be used as a guide for installation and placement of signs and markings designated as a Fire Lane, where required by the Fire Chief /Fire Code Official, in order to provide adequate Fire Department vehicle access.

I. General

- A. “No Parking Fire Lane” signs and curb markings shall conform to the requirements specified in Option #1 or Option #2 outlined below as required by the Fire Marshal.
- B. Signs and curb markings shall be installed on any highway, at any curb, or in any location in a publicly or privately owned or operated off-street parking facility, required to be posted by the Fire Code Official, in order to provide the necessary unobstructed width and adequate turning radius of Fire Department apparatus.
- C. All signs and curb markings are to be installed and maintained by the property owner.
- D. All curbs adjoining Fire Lanes or posted areas shall be painted red and labeled “No Parking Fire Lane”. Curb markings and lettering shall conform to Figure IV.
- E. Detailed plans of the proposed Fire Lane markings shall be provided to the Fire Code Official for review prior to installation.
- F. Signs and curb lettering are subject to the approval of the Fire Code Official.

II. Option #1 – No Parking Signs –Figure VI - Sign #1

- A. Location
 - 1. Signs marking Fire Lanes are to be spaced so they are within 3 feet of each end of curbed areas and spaced a minimum of fifty (50) feet apart thereafter (see Figures I and II.)
 - 2. In addition, 1 sign is required for each island adjacent to a Fire Lane or access road if the road width is less than 20 feet (see reference A, Figure II).
 - 3. Signs are to face oncoming vehicular traffic.
